## EXPERIENCE

---

**WEB DESIGNER** Diamond Technologies. *New Castle, Delaware*  
Current Assigment Bank of America

**October, 2003 - Present**

- Direct, craft and design compliant web sites and web application solutions using XHTML, CSS, DHTML and Javascript.
- Manage all phases of graphical user interface design projects for a wide range of high-profile clients requiring complex interactive web sites and web-based applications.
- Assess client needs and develop specifications; plan and implement projects from initial conceptual flowcharts, prototypes and mock-ups through coding, and final deployment. Play a key role in closing contracts, some of which valued at nearly \$1 million.
- Support a cross-functional design team; maintained a goal-oriented environment while promoting

**HTML Developer/Designer** QVC. *West Chester, Pennsylvania*

**September, 2002 – October, 2003**

- Responsibilities include taking designs for QVC website and converting to HTML in an accurate and time sensitive manner.
- Experience includes Beauty, Hobbies and Toys, Collectibles, Email, Newsletter, Go Racing. com and Special Promotions.
- My position was created when I was hired with the intention of bringing in a designer with HTML skills, which would be useful when the system converted to automation.

**WEB DESIGNER** Emeron. *Wilmington, Delaware*  
Emeron was acquired by Diamond Technologies in 2002

**October, 2000 - September 2002**

- Responsibilities include the design (generally three mock ups) and implementations of a website to the client specifications.
- Working with the Project Managers and Developers for the timely delivery of websites that reflect clients' needs.
